

Telit LE70-868 DemoKit **Information Sheet**

Dear Customer,

Thank you for purchasing the LE70-868 DemoKit case that will help you to fully test the performance of the Telit LE70-868 module and simplify development of applications, dramatically reducing time-to-market.

The DemoKit supplies the following items:

- 2 USB EVK
- 2 LE70-868 modules mounted on their DIP support
- 2 Antennas (SMA)
- 2 USB cables
- 2 Primary batteries (+9V)
- 1 Information Sheet

The latest available LE70-868 DemoKit User Guide and other documentation with all necessary technical information can be downloaded from the Telit web site in the zone dedicated to Short Range RF modules:

<http://www.telit.com>.

All necessary tools can also be downloaded from the Telit website in the download zone¹:

<http://www.telit.com/en/products/download-zone.php>

If you need any assistance, please do not hesitate to contact the Telit Technical Support Centre at

<http://www.telit.com/en/products/technical-support-center/contact.php>

or on the email address TS-SRD@telit.com

Our Support Engineers will be glad to assist you in the development of your application and pleased to welcome you to the Telit Worldwide Partnership.

Thank You

The Telit Team
